

## citizen science project officer

job opening no. 1/2024

Become part of ECSA and strive with us to advance science in a democratic and inclusive way. Work for a non-profit organisation with a collegial, committed, and an international team.

ECSA aims to strengthen science and civil society through citizen participation in science. The association sets up infrastructures, promotes knowledge exchange, and participates in projects that promote or benefit from citizen science. ECSA supports the citizen science movement in Europe through various capacity-building activities and initiates and performs research on citizen science.

**Description** - Project officer in our ongoing projects SOCIO-BEE and COMPAIR

**Working hours/salary** - The position comprises 70% of a full-time equivalent. Remuneration is based on the collective agreement of the Land of Berlin (TV-L) TV-L 13.

**Duration** - Now - 30 September 2024 (extension possible)

**Place of work** - ECSA Headquarters - Museum für Naturkunde Berlin provides facilities, and remote work possibilities

### Responsibilities

- Support consortium partners with their citizen science activities.
- Writes and reviews deliverables.
- Organise clustering activities with sister projects to discuss common challenges.
- Develop guidelines based on project findings for the CS community.
- Develop engaging content for the project's social media accounts on the impacts of bad air quality and the advantages of citizen science in tackling those impacts.
- Continuous communication and dissemination activities on the topics of citizen science, engagement and air quality.

### Participation in ECSA's community tasks

- Contribute to organisational tasks.
- Contribute to ECSA's work on accessibility, visibility and inclusivity.

### Requirements

- PHD or Master's degree in life science (or equivalent), and experience in public engagement.
- Strong organisational and communication skills.
- A high standard of English, written and spoken; a good command of German and other European languages is an advantage.
- Availability for international travel.
- Experience in writing papers.
- Confidence in the use of IT systems, including Microsoft Office Suite, Google Drive, and social media platforms.
- Proactive team-player with a high level of initiative and self-management skills.
- Knowledge of air quality and experience with HORIZON projects are an advantage.

### ECSA offers

- An international working environment.
- Flexible working hours, remote and office working.
- An appreciative working atmosphere and a varied, responsible job in a committed team.

We welcome applicants of all origins, ages, ethnicity, gender, mother tongue, religion, disability or sexual orientation.

Submit the following:

1. **CV:** Detailing your education, experience, and skills.
2. **Cover Letter:** Expressing your motivation and suitability for the role, addressing the job requirements.
3. **Work Samples:** Demonstrating relevant skills and achievements.
4. **Certificates and References:** Validating qualifications and work ethic.

**The deadline for applications is midnight on Monday 26 February 2024. Applications can be submitted in a single PDF. Please send your application to: [job@ecsa.ngo](mailto:job@ecsa.ngo), quoting job advertisement no. 01/2024.**
