

Full-Stack Web Developer

job opening no. 4/2024

Location: Remote work possible, office space in Berlin

Organisation: European Citizen Science Association (ECSA)

Platform: EU-Citizen.Science

About Us

The European Citizen Science Association (ECSA) is a dynamic team of 20 dedicated to advancing citizen science across Europe. Our platform, EU-Citizen.Science, acts as a central hub, connecting individuals, projects, and training resources within the citizen science community.

Position Overview

We're looking for a talented Full-Stack Developer to join our team and lead the evolution of our platform. This role offers the chance to make a meaningful impact on society through a high-visibility, purpose-driven project.

Key Responsibilities

- **Feature Development:** Use Django and Python to develop new features and optimise platform performance.
- **Collaboration:** Work closely with designers and other developers to enhance platform functionality.
- **Bug Fixes & Security:** Identify and resolve issues, ensuring platform stability and security.
- **Documentation:** Maintain up-to-date technical documentation for features and updates.
- **Intranet Setup:** Design and maintain a simple intranet for resource and document sharing within ECSA.
- **IT Oversight:** Manage essential IT infrastructure, including email systems, data storage, and basic backups, ensuring team productivity and data reliability.

Required Qualifications

- Proficiency in Django and Python.
- Full-stack development experience (front-end & back-end frameworks, databases).
- Strong debugging and problem-solving skills.
- Effective communication and collaboration abilities.
- Very good proficiency in English.

What We Offer

- An opportunity to make a meaningful impact in citizen science initiatives.
- A collaborative, supportive, and flexible work environment.
- An enthusiastic, international team dedicated to shared goals.

How to Apply

If you're enthusiastic about citizen science and eager to make a difference, please send your CV, cover letter (including your salary expectations), and any relevant portfolio links to job@ecsa.ngo. This job offer will remain open until we find the right candidate.
